LAUTARO VELO

Executive / Virtual Assistant — 100% Remote (LATAM · US business hours)

Neuquén, Argentina (UTC-3, strong US overlap) · bleslautaro@gmail.com · +54 299 460-0355

PROFILE

Bilingual (C2 English) assistant and administrative professional who takes a broad instruction, works out the next steps and runs with it. Two years of corporate administration at an insurance company (email and client follow-up, documentation, scheduling and process adherence) plus years of fully self-managed work — tutoring and driving — where I organized everything myself without supervision. Fluent written and spoken English with a neutral accent and full availability for US business hours (EST). Organized, reliable and discreet, comfortable using online tools and AI/LLM assistants (Claude, ChatGPT) to research, draft and get things done. A self-starter who thinks 'what needs to happen next?' and solves problems before escalating. Available full-time, 100% remote.

CORE SKILLS

- English — full professional / bilingual proficiency (C2), spoken and written, neutral accent
- Email and calendar management, scheduling, follow-ups and task tracking
- Research, comparing options and turning broad instructions into concrete actions
- Self-directed problem-solving; reliable and discreet with sensitive information
- Comfortable learning new online tools and systems; daily user of AI/LLM (Claude, ChatGPT) and basic Python
- Advanced Excel & Google Workspace (Gmail, Calendar, Docs, Sheets, Drive)
- Self-managed remote work — reliable internet, quiet home office, strong US (EST) overlap

EXPERIENCE

Administrative Assistant — Insurance company

2021 – 2023 · Neuquén, Argentina

- Managed client email and follow-ups, documentation, data entry and scheduling, and kept processes on track end to end in a structured, regulated environment.

Private Science Tutor (Math, Physics, Geology) — Self-employed

2018 – Present · Neuquén, Argentina (and online)

- Ran a client base entirely on my own — scheduling, materials, research, follow-up and results — figuring out what needed to happen next without being told.

Professional Driver — Uber

2023 – Present · Neuquén, Argentina

- Reliable, punctual, self-directed work with top ratings — ownership, composure and consistency across long, flexible shifts.

EDUCATION

Secondary school — completed

University studies — Geological Sciences, Universidad Nacional del Comahue (UNCo). Three years of the program completed (2018 – 2021); solid grounding in exact sciences, fieldwork and data analysis.

LANGUAGES

- Spanish — native
